

THE FERNS

CARE HOME

A new perspective on life

PH CARE GROUP

PROVIDING QUALITY CARE YOU CAN TRUST

The Ferns Care Home is located in a convenient area of Shrewsbury approximately ten minutes drive from the town centre. The Ferns Care Home is a converted older property and is ideally situated in beautifully maintained and mature gardens and also provides ample car parking for visitors.

The home provides residential care for up to 36 residents and all of our bedrooms have ensuite facilities. We are also able to offer a limited number of bedrooms for couples or friends who wish to share a bedroom.

A PASSION FOR PUTTING OUR RESIDENTS FIRST

Considering a move into residential care can be a very stressful time, for everyone concerned, however, a move into our care home can provide many benefits for both the resident and their family. The Ferns team is led by our highly qualified Registered Manager and our team of enthusiastic carers are experienced in providing compassionate care to our residents.

The Ferns Care Home is registered to provide care for up to 36 Residents which enables us to provide individualised care in a homely and friendly environment. We provide every resident with a personal care and support plan based on a thorough assessment of their needs and hold regular discussions with them about their needs and wants. This care plan is reviewed monthly or more frequently if necessary. A working partnership with the resident, their relative and friends helps us to provide continuous, compassionate care.

MAKING A DIFFERENCE IN PEOPLE'S LIVES

Social activities provide our residents with company, friendship and fun and are an integral part of life at The Ferns Care Home. Older people are extremely vulnerable to social isolation, however, being a resident in our care home provides unlimited opportunities for socialising with family, friends, other residents.

Our experienced care team support our residents with their choice of activities which are organised and led by our Social Activities Co-ordinator. This enables us to offer a wide ranging selection of activities and also to adapt our programme of activities to meet new requests. Our wide range of activities take place both in the home and also out and about in the wider community.

All of our staff are aware of how vital activities and stimulation are to the health and well being of our residents. It is for this reason that it is not only our Social Activities Co-ordinator who is involved in the activities but all of our care staff.

TASTY, NUTRITIOUS FOOD, FRESHLY PREPARED EVERY DAY

At The Ferns Care Home, our Chefs work with our care team and the individual residents to plan our menu. The likes and dislikes of each resident are used to plan an appealing menu that ensures that the provided is enjoyable and nutritious. The chefs freshly prepare our tasty and nutritious food every day ensuring that our residents have a varied selection of food to choose from whilst eating in a comfortable and sociable environment. Our chefs are also experienced in catering for specialist dietary requirements.
